

# POLY-CRETE™

## STANDARD COLOR CHART for POLY-CRETE™ MD, MDB, SLB & HF Systems and CF\* & TF Topcoats

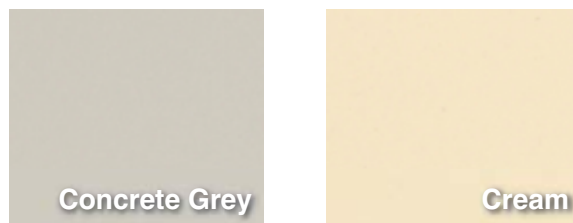

\*CF is a high gloss topcoat and the actual color may appear brighter. Please request a sample for best representation.

## POLY-CRETE™ KT Topcoat

## POLY-CRETE™ MD Broadcast Background Colors

**NOTE:** These colors are designed for use as neutral background shades for decorative broadcast systems only

Colors may be affected by age, heat and exposure to ultraviolet light. Please request an actual color sample of the product that you are considering to confirm the most accurate representation.

Due to chemical composition, thickness, application methods and job site conditions, there may be slight variations of individual colors across various product lines.
